# A vision from the heights

Since September, 1962, classes have come and gone from the halls of Floyd County High School, without stopping to take note of the heights around them.

The first year in the history of Floyd County High School, the members of the staff and the students found that the new school, consolidated from three community schools in the county, fulfilled a dream that had taken many years to materialize. Through the efforts of parents and citizens all over the county, and through the hard work of school board members and school superintendents since 1950, a "Dream Came True." As a result of the county's dream, a high school student is limited only by his talents, desires, and ambitions. The young people of Floyd County were united under one roof—modern and challenging—and the doors of unlimited opportunities opened unto them.

During the second school term at FCHS, the staff searched throughout the annual to determine the central theme for the 1964 BISON. As the staff journeyed through the year, hoping that the "heartbeat" for the school term

would be revealed, they discovered that, from the broad panorama of school life, no single answer could be found. The search for the BISON theme ended—it was "Floyd County High School—1963-1964."

It is fitting that we stop now, during the third year of Floyd County High School's existence, and take a long look at one of the heights near us—Buffalo Mountain.

"The Buffalo" is the highest point of elevation in Floyd County and the third highest point in the state, elevation 5,250 feet. The resemblance of the shape of the mountain to the hump on the back of a buffalo lends the name for Buffalo Mountain. From the Buffalo stems a feeling of unity and ideals. Buffalo Mountain and the "Fighting Buffalo" stand as emblems for the athletic teams, students, and school.

The theme for the 1965 BISON is "Buffalo Mountain—A Vision from the Heights," in recognition of the honor FCHS has gained, and the traditions we have established as a result of Buffalo mountain...

# Buffalo Mountain has been instrumental to FCHS

Buffalo Mountain has been instrumental to FCHS. Viewing Floyd County High School from the height of the mountain, the Buffalo is reflected in various phases of school life. We find that the main emphasis in our school seal is Buffalo Mountain. The silhouette of the Buffalo can be seen on the Senior Class rings. The school coat of arms, an ensigna designed only this year, bears the

charging buffalo, which also lends the name for the school's athletic teams. The yearbook of Floyd County High School has been named the BISON, which is another name for a buffalo. All of these reflections from Floyd County High School give glory to Buffalo Mountain. In addition to these, the school's alma mater was derived from thoughts of the Buffalo:

"Like the towering mountains 'round her, pointing to the sky.

Emblem of a noble vision, Floyd County High  
Sing her praises to the mountains, proud her banners fly!

Hail to thee our alma mater, Floyd County High."

## Mentally, Physically, Spiritually and Socially

The students at Floyd County High School are many things in one, yet each one has its own individual personality.

A broad panorama of school life is brought to the students at FCHS—a high school student is limited only by his talents, desires, and ambitions. The challenge is there for the students to meet. They strive together to set new traditions and reach for greater heights. The classes, plays, sports, clubs, dances, and everyday activities show the many phases of active school life from which the students at FCHS benefit.

The students at Floyd County High School are fortunate to have the ability and resources to live in a county where students and teachers may share in the fascinating quest of truth. Floyd County High has inspired in its students a sense of knowledge and understanding; not only mentally and physically, but also socially and spiritually.

Floyd County High School is inspired . . .

## ... by Buffalo Mountain

Buffalo Mountain has a rather interesting history. At the close of the Revolutionary War, Light Horse Harry (Richard Henry) Lee was given a grant of 19,000 acres of land for his gallant services to his country. Six thousand acres of the grant lay in what is now Floyd County, and the remainder in Patrick. On the Floyd grant, Lee's son, Charles Carter Lee, brother of General Robert E. Lee made his home. The house was located under the shadow of Buffalo Mountain which was also part of the grant.

The Buffalo, in the southern part of Floyd County, rises in the sublime grandeur, with clouds floating along its sides. Forming what resembles the hump of a buffalo, a panoramic view of the surrounding county can be obtained from the top of this mountain.

Towering to a height of 5,250 feet, Buffalo Mountain casts her shadow of knowledge and strength upon Floyd County High School and the lives of its students.

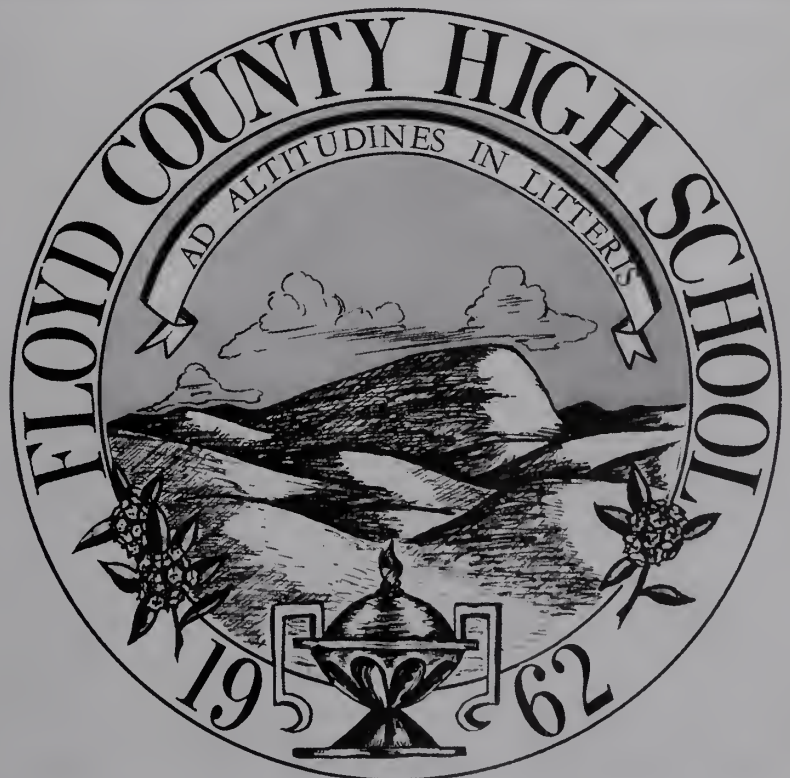

# ADMINISTRATION

As we stand on the summit, we view the administration of Floyd County High School with gratitude and appreciation. In this fast moving era, special emphasis must be placed on a well-rounded education for every individual. The classes at Floyd County High are planned around three specific areas: academic, for those going to college before entering a profession; vocational, for those interested in the business world, home economics or agriculture; and general, for those who do not choose to specialize in any one field.

The curriculum at Floyd County High School is representative of a tremendous step forward in providing high-quality education for the youth of our county. The more than 61 subjects, offered by the 40 members of the faculty, in themselves offer a challenge to the student who accepts it.

These teachers are dedicated to inspiring in their students a love of learning and in preparing them for the future. The faculty helps students develop an independence of thought and action, to learn to plan and accept responsibility, and to develop self-confidence. They see the necessity and value of basic education as well as the value of technical know-why and know-how.

Through our administration, we honor Buffalo Mountain as it appears on the seal of Floyd County High School...

## School board, superintendent and principals plan

The Floyd County School Board is made up of the superintendent, six members, and the clerk. It is through their efforts that the faculty and students are now enjoying the comforts and advantages of one of the best high schools in the State of Virginia, Floyd County High School. We have modern educational programs that surpass many other consolidated schools. With the continuing support of this administrative body, Floyd County High School can advance still further.

# modern educational program for FCHS

"Learning and growth"—these are the goals of Floyd County High School's administration.

Mr. Ray L. Hollandsworth, principal, is the leader of Floyd County High School. He is assisted by Mr. William G. Davis, assistant-principal. In a school of this size, it is imperative that discipline be maintained. School policies are tempered, however, by friendly relationships among students, faculty, and administration. Teen-agers profit by the sound judgment and wisdom of the experienced, and FCHS students are no exception.

Mrs. O'Connor and Mrs. Poff, the school secretaries, have proved indispensable in carrying out the office tasks.

Because a sound knowledge of the English language is necessary for good communication with others, the study of English is most important.

English classes are required subjects for all students at FCHS. Through English grammar and composition, students learn the structure of sentences and how to write themes and term papers. In literature, students are exposed to stories and poems of some of the world's greatest authors and poets.

The Math Department is one of the busiest departments in the school. Two years of math are required before a student can graduate.

People who are neither mathematicians or scientists find it necessary to interpret graphs, estimate taxes, budget their money, and figure the costs of purchases.

Students in Mrs. Leedy's Algebra I class help put up a bulletin board explaining the Commutative Law.

The number system comes alive for the Math I class as Mrs. Heafner uses the bulletin board as a visual aid.

# as well as to solve practical problems

Students learn to use mathematics to solve practical problems. Importance of math in affairs of everyday living is recognized today as never before. For this reason FCHS offers Algebra I and II, Solid and Plane Geometry, trigonometry, Math 1 and II, and Business Math.

This year, for the first time, the school had a student teacher, Mrs. Bloomer, to teach and observe a class in this department.

Since this is the age when science has become increasingly important, the following courses are offered in the Science Department of FCHS: biology, which is the study of living things; chemistry, which helps the student think and solve problems; physics, which encourages scientific curiosity and initiative; anatomy, which is the study of the human physique; and Science I-III, which introduces the student to science courses.

"It won't explode, will it?" Students look on as Mrs. Howard explains a lab experiment.

Science I students use microscopes to detect germs.

## develop interest and knowledge

New laboratories and equipment enable students to make more specific studies and to conduct individual experiments. Students are encouraged to enter projects in the science fair, which is held annually. These projects cover a variety of subjects and utilize virtually all the lab equipment.

Textbooks, teachers, individual and group laboratory experiments, fair projects, and new equipment—all add up to learning, interesting work, and achievement.

Mr. Marshall enjoys a government class as his students engage in a debate.

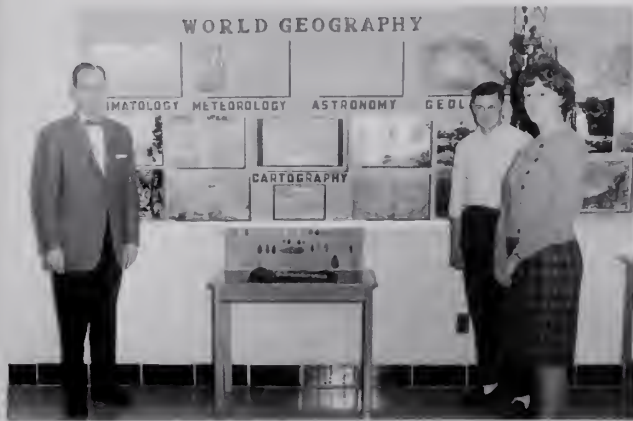

In order for students to gain a thorough knowledge of the beginning and of the developmental stages of the present-day world, country, and law systems, FCHS offers World History, Eighth Grade History, government, Virginia and United States History, civics, and geography.

This history curriculum at FCHS teaches students that the record of past events is important because history repeats itself.

Mrs. Jarratt shows Junior History students samples of history projects done last year. Each year the student has a semester history project.

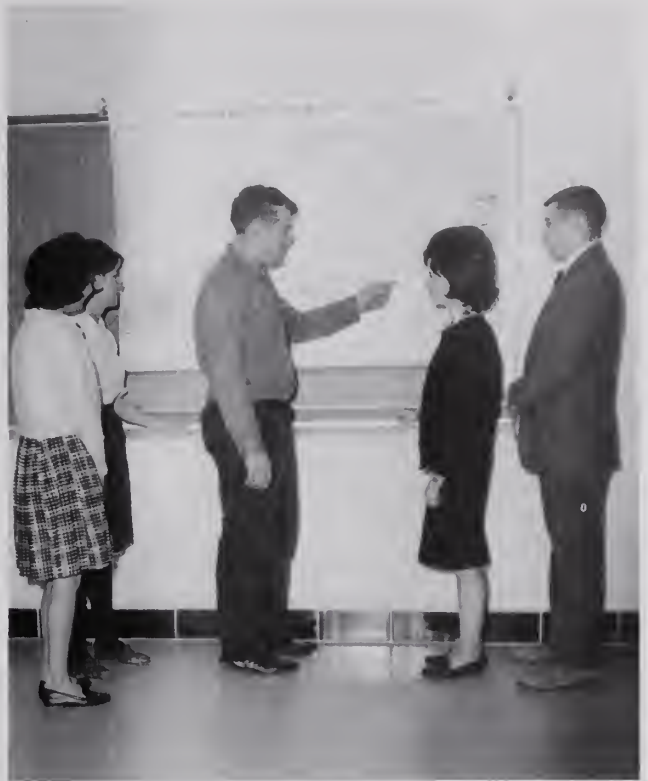

# become better citizens

Through the use of a colorful bulletin board, Mr. Enoch's students gain a vivid picture of geography.

In addition to textbook work, the history classes follow political campaigns, help supervise school elections, and participate in debates and round-table discussions.

Most of the teachers in the history classes require each student to have a term paper or semester project on an assigned or self-chosen subject. This gives the student a chance to demonstrate what he can do of his own initiative.

# Physical education develops

Developing the mind and body through exercise, sports, and other recreational activities is the purpose of the physical education program. The physical education class alternates between health classes and gym periods. The health program includes instruction in personal health, first aid, fundamentals of the parts of the car, and driver training. During the year, there are such sports as soccer, volleyball, table tennis, tumbling, gymnastics, and basketball.

Driver training is taught by Mr. Meredith and Mr. Enoch.

Two foreign languages, Spanish and Latin, are offered at FCHS. Students may take two years of each course. These are elective courses and many of the students enroll in them.

## Cooks, custodians offer unlimited service

Cooks relax after a busy day in the kitchen.

Keeping the building and campus of FCHS clean, repaired, and heated is the duty of the four custodians. The custodians also open the school for outside activities.

Seven women are employed to prepare and to serve the lunches to FCHS students and teachers. They come early each morning, so that everyone can enjoy a hot meal.

The custodians certainly do a fine job at helping the school uphold its motto: "Just as new when we're through." Their work seems endless, for they arrive early and remain late to make the school more comfortable and clean.

Custodians: Mrs. Mabel Via, Mrs. Ruby Agnew, Mr. Jimmy Thomas, Mr. Tommy Royal.

Cooks: Mrs. Edith Hylton, Mrs. Glenna Weddle, Mrs. Ada Hazelwood, Mrs. Catherine Weeks, Mrs. Virginia Spence, Mrs. Bula Keith, Mrs. Gertrude Sowers, supervisor. Not pictured, Mrs. Louise Hylton.

# CLASSES

As we stand on the apex of the mountain, the classes of Floyd County High come into view. Five classes entering through the doors of FCHS are joined together by work and study, school spirit and competition, activities, fun, and friendship. There are moments of triumph, times of trial and despair, bursts of enthusiasm—these are emotions found in students at Floyd County High School. Their scope of achievement is immeasurable.

Students star in every facet of life at Floyd County High School. Each class is proud of its own identity, yet together they strive to set new traditions and make 1965 a year long to be remembered. These five classes—composed of 167 in the Class of '65, 144 in the Class of '66, 166 in the Class of '67, 172 in the Class of '68, and 187 in the Class of '69—reflect the total personality of Floyd County High School.

Never again will the "Five of Sixty-five" be united as a group. We hope to recapture many of the important activities of the 836 students who make up the five classes of Floyd County High School.

Through the "Five of Sixty-five," we honor Buffalo Mountain as it appears on the Senior class rings of Floyd County High School...

In September, 1953, at Floyd, Willis, and Check everyone was talking about the class of "war babies." We were the first children of school age following the close of World War II. Our parents, especially our fathers, had lived through and fought a war that was to end all wars and were now prepared to raise a family that would never again have to bear the burdens of war. Ours was indeed a great heritage. Twelve years have now passed; and we are no longer three classes, we are one, the Seniors of Floyd County High School. As we look into the future we see a great challenge. If we are to preserve the peace our parents so bravely fought for, we must continue to learn and lead not only this great nation of ours, but provide leaders for the world and the universe. As we look back on the twelve years, we see that we have been provided with the basis for our future. Our lives have been greatly enriched by our experiences and associations, particularly during the past three years at Floyd County High School. We feel that as we leave, our works and deeds will long live in the classes and hallways of FCHS. In leaving we ask for wisdom to enable us to face the challenges which lie ahead.

Among the 144 members of the Class of '66 may be found students with varied interests and activities. Many of the juniors are club officers and take part in such activities as forensics, sports, choral, band, and publications. The Junior Class is well represented in the Beta Club.

To make money for the Junior-Senior Prom, which is sponsored by the Junior Class, juniors sold butter-mint candy. In addition to the prom, juniors look forward to ordering their class rings in the spring.

The freshmen have learned what to expect from high school life. Gone is the strange newness which he experienced in his first year at FCHS. The 172 members of this class take part in almost every phase of school life.

The Freshman Class is an energetic class as was proven by the magazine campaign. The Class of '68 received the trophy for highest sales per person.

The Freshman Class hopes to stand as intelligent and honorable as Seniors when the time comes for its members to graduate.

In the fall of 1964, 187 students entered Floyd County High School as the Eighth Grade Class. This school, new to them, offered excitement, challenge, and most of all, a new step toward responsibility. The students participated in many activities. These include: band, majorettes, Annual Staff, Student Co-operative Association, Junior Varsity cheerleading, various clubs, and eighth grade football and basketball. They are learning by doing and many of them, because of their activities at FCHS, have begun to plan for the future.

# STUDENT LIFE

As we stand on the summit viewing FCHS, we see the many activities of our student body. High school is not all classrooms, tests, and homework; it is far from that. School at Floyd County High is a happy mixture of work and play and other activities which enter into our education. Many moments at FCHS are framed with gaiety, fun, and laughter. The supporting cries of "GO BUFFALOES" at an important game, homework, jam sessions, a lilting waltz at the prom—make happy memories for the coming year.

The teenagers at Floyd County High School find appeal in things that are bright and fresh and gay.

Months of study are supplemented by the social phases of school life, providing a well-rounded educational background for all students. Valuable experience comes to FCHSers as they mould a part of their adult life by learning that, if recognition of honor and merit or participation in special events is to be attained, they must contribute to their social, as well as educational development.

Through our student-life activities, we honor Buffalo Mountain as the charging buffalo appears on the coat of arms of Floyd County High School...

## Seniors assume responsibilities as school leaders

Students get counseling after they receive their college-bound scores.

Senior Bill Ober received the \$50 award in the Magazine Campaign.

Seniors were happy to receive their pictures before Christmas vacation.

DAR candidates-Susan Moore, Almeda Whitlock, and Jo Ann Marshall gave talks to the faculty.

Glenn Thomas is shown presiding over one of the Senior Class meetings.

## "Project Candy" main activity of Juniors

Football players from the Junior Class prepare for the games of the season.

Linda Gallimore and Evelyn Kenley collect a fee for an overdue book.

"Doesn't someone want my box?"

"Your peach looks peachier than my peach."

Juniors take an active part in the magazine campaign.

Getting out of classes is a favorite pastime—especially when arranged beforehand.

## Sophs study, make time for socializing, too

The sophomores who represented the Tenth Grade in the Homecoming court: Carolyn King and Richard Nester; Donna Spangler and James Vest.

Homework is just too much!

Social functions are fun when sophomores are there.

Students strive to liven up the day a little before school begins.

Class over—everyone to his gossip station!

## Freshmen cultivate talent and creativeness

Nancy King, Randy Thompson, and Gus Howell work on a winter bulletin board in a classroom.

"Two's a couple and three's a crowd," this may be true in some cases, but publishing the annual is quite a job for a "couple," so we use a "crowd."

The Freshman class was represented in the Homecoming Court by the following couples: Susan Wimmer, Allen Weeks; Patsy Phillips, Freddie Bannick.

Take special notice here! These freshman boys are demonstrating one of their good deeds for the day by helping this "damsel" in distress.

"Murder?" No! Just the usual play practice. These Freshmen English students, rehearsing this play for the FTA, watch intently as the ax draws near.

## Eighth graders find classroom work reigns

Eighth-Grade Homecoming attendants and escorts: Cathy Gallimore, David King; Vickie Cromer, Larry Nolen.

Eighth-Grade editors gain experience while editing their section of the annual.

Athletic Eighth Graders display good form on basketball court.

"Classrooms aren't what they used to be!" as proved in Junior Tri-Hi-Y Homecoming skit.

"Oh, so that's what a grass-hopper gizzard looks like!"

## FCHS continues to grow

The consolidated school is a vast improvement over former facilities. Students attending FCHS's third year of operation are eager and proud to admit this fact. Facilities never enjoyed before became common as Floyd County entered a new concept in public schools. Since that time of opening, citizens have taken active interest in the school and have continued to "improve on the improvements."

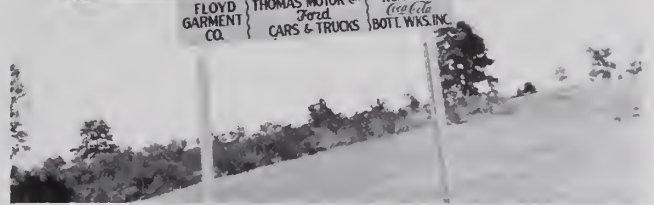

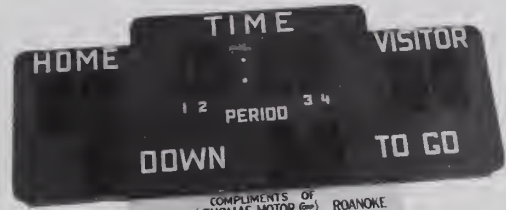

The football field has received much new equipment so that Floyd Countians, new to the sport, may be proud of an athletic field second to none. A score board, a concession stand, a press box, and new loud speaking and scoring equipment—all are among the newest additions at FCHS.

Plans got underway for a concession stand during the summer.

The press box provides a place for sportscasters to announce the game.

New equipment aids in bringing the highlights of the game to the fans.

The scoreboard was a new addition to our athletic field this year.

During the halftimes of football games, spectators find the concession stand a welcome addition to the football field.

The newly constructed press box overlooks FCHS football field.

## Students faithfully start each day

Students arrive at Floyd County High ready to face six more hours of hard work.

Mornings in the main office are hectic when students flock in to get excuses for being absent.

Learning how to look up information in the library is important to a student.

Coach Meredith; Jim Akers, a sporting-goods salesman, and Mr. Hollandsworth take time out to chat after lunch in school cafeteria.

Eating lunch in 25 minutes is quite a challenge, especially to those at the end of the line.

## Socializing + studying = a day at FCHS

In addition to extra-curricular and class activities, the students and faculty have other phases to their day at school. The pictures presented on these pages are a few examples of what goes on during the day aside from classes. The modern clinic, supervised by the Home Economics Department, is available to anyone who becomes ill after arriving at school.

Members of the guidance staff have access to students' records which is essential in helping students prepare for their futures.

The five-minute break is short, but somehow almost everyone gets to class on time.

"Teachers play too!" Faculty members gather for annual Christmas party which is an enjoyable change from regular faculty meetings.

"I'm sick!" comes the cry from Marcie Conner, but Joyce Conner seems a little doubtful as to the nature of her illness.

Entering a sport's event, a FCHS couple anticipate fun and victory.

# Bonfire, pep rally, thrilling game, queen,

The 1964 Homecoming Queen, Marge McAlexander.

The 1964 Homecoming event consisted of crowning the Queen, the band half-time performance, and the annual dance in the school cafeteria.

The evening reaches its highlight as Mr. Bernard Lee crowns Marge McAlexander the Homecoming Queen for 1964.

Queen and court: Vicky Cromer, Larry Nolen, Susan Wimmer, Clonnie Yearout, Donna Spangler, James Vest, Brenda Lester, Donald Mitchell, Durene Cole, William Conner, Marge McAlexander, queen, Michael Smith,

The Queen and her attendants leave the field to prepare for the evening festivities.

Phyllis Sowers, Samuel Hancock, Sandra Williams, John Hale, Carolyn King, Richard Nester, Patsy Phillips, Fred Bannick, Cathy Gallimore, David King.

## and dance highlight '65 Homecoming

The "Mighty Buffaloes" are starting to warm up as they charge through the "Go Buffaloes Go" sign, prepared by the Varsity Club.

Everyone is getting excited as the team ROARS down the field to cries of Victory! Victory!

The Floyd County High School Band is rehearsing the afternoon before the Homecoming Game that night.

Everyone is enjoying themselves at the Homecoming Dance following the game.

Martin Hall, former FCHS student, seems to be enjoying himself as he furnishes music for the dance.

## Entire school benefits from magazine campaign

The magazine campaign, FCHS's yearly fund-raising event, earns money for special needs of the school. Steve Hill and Gus Howell sold over \$100 worth of magazines, and won special prizes. Sponsors were Mr. Houston and Mrs. Dalton.

Betty Hollandsworth, student chairman, points out the rising sales on the thermometer to Durene Cole and Tommy Rakes, student business managers.

Smiling faces reflect the pleasure of the prize-winning salesmen in the campaign.

Mrs. Cockram displays to Mr. Houston, co-sponsor of the magazine campaign, one of the tablecloths bought for the cafeteria tables with part of the proceeds from the sales.

Mrs. Rutrough and Mrs. Dalton, co-sponsor of the magazine campaign, unpack one of the microscopes bought for the Science Department from magazine sales.

John Steinbeck's, Molly Morgan, a drama in three acts, was presented by the Senior Class to the public on November 20, and to the student body on November 23, 1964. Mrs. Margaret Hubbard served as director of the production.

The plot centers around Molly Morgan, a dedicated young teacher, who works against the whims and back-

wardness of a country region in California.

The cast and director worked six weeks rehearsing to make the play a success. Much of the success of the play can be attributed to the outstanding work of all the committees. Complex scene changes, lighting, and sound effects, provided by the back-stage crews, added to the realism and effectiveness of the play.

The director puts on final touches of make-up under the lights.

"I don't want these things, Mrs. Banks!" Robbie Maltby protests to the do-gooders, Mrs. Banks and Mrs. Munroe.

Bill Whiteside forces hysterical Molly Morgan to face the truth about her father.

The Christmas assembly is centered around one of the most desired honors a senior girl can receive. The Madonna and Angel were chosen by members of the Senior Class from a slate of six girls drawn up by the faculty. To be placed on the ballot is an honor in itself.

## awareness of God and country

FCHS's assemblies vary from one-act plays, to pep rallies, to panel discussions. They are sponsored by various classes, clubs, and other organizations. Held in the auditorium or gymnasium, some of them are just for entertainment, but many are to teach students about the goals of the organization which is sponsoring it.

In this year's Magazine Campaign Assembly, each class presented a skit illustrating its "getting" ability. Regular assemblies are a vital part of FCHS's life.

FFA officers present an interesting and informative assembly for the students.

Don Martin coaches the "Baby Bison" basketball team whose co-captains are Richard Nester and Larry Turman. Larry is not pictured.

The junior varsity basketball team has found the competition as tough as the varsity in the New River District this season.

Individual potential is discovered on the JV squad, and it is developed. However, it is impressed on these boys that individual ability is of little consequence unless they can work together with the team.

It is becoming more important all the time that a boy knows the fundamentals thoroughly by the time he moves up to the Varsity. One of the main purposes of the JV squad is to make this possible.

## Eighth graders learn fundamentals of Basketball

An Auburn player gets his hand on a shot by Maurice Quesenberry.

Team: First row: David Farley, Charles Huff, Maurice Quesenberry, Edward Marshall, Carlos Reed. Second row:

Coach Enoch, Michael Agee, Bobby Wade, John Pugh, Roger Hollandsworth, Larry Williams.

In eighth grade basketball, each boy becomes familiar with a part of the game in which he can excel if he has the desire and will to work.

It is impossible to overemphasize the need for a good eighth grade training program. These beginners are the future stars of basketball.

The boy who comes out for basketball in the eighth grade has a head start on those who wait until later, because the Eighth Grade team emphasizes fundamentals. Whether these players win or lose, the experience they gain is invaluable.

For the first time, the Varsity Cheerleading Squad consisted of all senior girls. The cheerleaders show their best ability at the ball games by leading the groups in yells. Ball games are fun for the cheerleaders, because they have an opportunity to get the crowds into real ball game spirit.

In football, the Buffalo Cheerleaders lead the crowd in cries for victory.

Indoors, the Buffalo cheerleaders help get the crowd into school spirit by their popular yell "Hiddy Hey."

The 1964-'65 school year marked the first year FCHS has had JV cheerleaders. The girls, eager to provide spirit, really keep things rolling with the cartwheels, performed in some of their cheers. The squad members are: Isabell Agnew; Wanda Sowers; Nancy King; Beth Simpson, captain; Ellen Shelor; Sharon Shaver; Jennifer Shelor.

## Grid action rougher -

One hundred forty-five lb. senior half-back, James Conner, was given the outstanding defensive back award for two years standing.

Donnie Reed, hardest running back on the team, made up for his size with great drive and second effort.

Mike Keith, 140 lb. speedster, specialized in sprint-out passes, and end sweeps.

Center Glenn Thomas has anchored the middle of the Buffaloe's line for the past two years. Also, he has handled kick-offs and pats.

First row: Lester Bond, Don Sabo, Ray Mitchell, Randolph Cromer, James Conner, Mike Keith, Glenn Thomas, Jerry Vaughn, Donnie Reed. Second row: Glenn King, Lowell Yeatts, Gary Shockey, Bruce Rakes, Teddy

Head coach Don Martin and assistant coach Don Meredith review plans for the coming week.

The New River District teams proved rough competitors for the Buffalo grid squad during their first year in the district.

Although the Buffaloes didn't win a single district game; the team shows promise for the coming years.

Coach Martin complimented the team for never giving up.

Only after much gruelling practice can a team expect to be physically and mentally ready for a game.

Young athletes interested in football are made completely familiar with the rules and nature of the game through JV football. The eighth, ninth, and tenth-grade boys learn team strategy and plays which become more complicated on the varsity. Good sportsmanship and teamwork is also stressed.

The Baby Buffaloes fought diligently throughout this season against the stiff competition of the New River District. This experience gained on the junior varsity is an asset on the varsity squad.

This year's JV showed signs of developing into top varsity candidates next year. Considering the tough schedule, the Baby Buffaloes had a very successful season.

## County establishes first Eighth grade team

This is the first year Floyd County High School has had an Eighth-Grade football team. All games played by the team in 1964 were against New River teams.

# ORGANIZATIONS

As we stand on the height of the mountain, we view the organizations of Floyd County High. The 20 extra-curricular organizations offered to FCHS students add to the cultural events of our high school career, helping to complete a well-rounded education.

Our well-organized clubs train future civic leaders to avoid the pitfalls of an adult life. Through various club activities, we are able to serve school and community, as well as sharing ideas and experiences with those with whom we have a common interest.

The clubs at FCHS cover areas of honor, religion, athletics, service, publications, and vocations—all of which furnish opportunities for growth in leadership and responsibility which are as necessary to the student as his actual class work.

The organizations at FCHS meet on the second Thursday of every month during the school term. Various activities, which are well planned and wisely guided by club sponsors, promote a wholesome social life and recreational leisure for all students. The result is a happy, friendly student body.

Through our organizations, we honor Buffalo Mountain as thoughts of the height of the mountain appear in the alma mater of Floyd County High School. . .

# Crier Staff produces award-winning newspaper

The County Crier, award-winning newspaper at FCHS, stands for Achievement.

The County Crier works closely with other organizations in promoting school spirit and serving as a voice of the student body.

The journalism class not only writes the news material, but also aids in layout, printing, and circulation. Each reporter is responsible for certain assignments for each issue.

The County Crier, sponsored by Mrs. Ruth Hallman, serves as a teaching device of journalism and a medium of leadership for school and community.

Business Manager Beulah Conner and Circulation Manager Ray Mitchell address papers to be sent to advertisers.

Doug Thompson, staff photographer, finds time from "picture-taking" to work on a story for the newspaper.

## and the traditions at FCHS

When the yearbook returns from the printer and is well accepted by the student body, the Bison staff feels well rewarded for the hard work and effort on its part. The finished product is certainly one of the rewards of a year of work.

Another reward is the experience which the staff has gained in the field of journalism. Each year the editor-in-chief and business manager learn layout suggestions at SIPA, where they represent the staff.

As one of their projects, Varsity Club members sold Buffalo T-shirts and hats to students.

As part of their initiation, new members sing to the enjoyment of the B Lunch group.

One of the main objectives of the Varsity Club was to help promote the sports program by creating as much enthusiasm as possible for athletic events. During the football season, club members decorated the goal posts and painted a paper buffalo through which the team entered before each home game. The cheerleaders and Varsity Club combined to sponsor a bon-fire and pep rally before the homecoming game.

Club members sold football T-shirts and hats as a club project. The proceeds were used to finance trips to college athletic events at Virginia Tech.

The club saw VPI and North Carolina State battle in football and also watched VPI play Wake Forest in basketball at the Coliseum. It is hoped that these projects will serve to promote a better sports spirit so that more young boys will become interested in the athletic program. The boys have worked very hard and will continue to do so in an effort to boost Buffalo sports to the top of the New River District.

Activities of the chapter include panel discussions, reports on projects, skits on degrees of achievement, and a talk on Christian Citizenship by a minister.

Classroom instruction is closely correlated with FHA activities, thus enabling the members to think critically and to apply the principles they learn to problems of personal and home life; to make decisions and choices in the light of values that are important to them in family and community living; and to make long-range plans for the future.

## Safety patrol and bus patrol

Mr. David Harman and patrol members, Rudolph Finney, George Price, and Robert Vest.

The Safety Patrol at FCHS has the duty of parking cars and directing traffic at athletic events and school functions. These boys have a big responsibility and a difficult task to perform. The weather often makes parking cars an unpleasant task. The safety patrol members deserve a lot of credit and praise for their work.

Mr. Harman explains to the patrol members how the rows must be spaced in order to make it possible for anyone to get his car out of the parking area at any time.

The boys who park cars must make sure that all spaces are filled and that there is not too much space between the cars in order to conserve space.

# ADVERTISERS

As we stand on the peak of the mountain, the advertisers come into view. In the business world, there are innumerable modes of advertising. The high school yearbook provides a good investment, because an annual is a permanent history book that will be referred to many times in the years to come.

The annual provides a good means of advertising for the businessman, while he, in turn, aids the publication of the book. If it were not for the businesses we patronize, it would be difficult for our student body to sponsor a yearbook. The students at FCHS are grateful to the advertisers, and the staff wishes to thank these interested and civic-minded businessmen whose unselfish interest in today's youth proves the confidence they have in the students at Floyd County High School.

Through these advertisers, we honor Buffalo Mountain, as our yearbook was named the BISON, and as the four tiny buffaloes appear on the yearbook cover of Floyd County High School...

# Buffalo Mountain - A vision from the Heights

Floyd County High School is ours, it can be what we work and strive to make it. Wherever we go, whatever we do with the challenge offered us, we will retain a consciousness of the highlights which have made this year important and vitally significant.

Through this, our 1965 edition of the BISON, we honor Buffalo Mountain so that some of these memories can be retained for today, tomorrow, and forever. Each time we hear the cry "Buffaloes are GREAT" our hearts will swell with pride. We return a deep love and devotion for "The Buffalo". For some, the future is very clear. For others it may appear dim and hazy. Each of us, however, will have clear memories of the role played by the Buffalo in the history of Floyd County High School. Because of these memories, we will never forget thee, Buffalo Mountain nor Floyd County High School.

Mrs. Gardner,

I have thoroughly enjoyed  
been in your Home Ec. Class this  
year. You have made my senior  
~~the~~ year a cheerful one. I hope  
that you will have the best  
of luck in the world. I just  
want to say that I think  
that you are one of the most  
wonderful teacher I have had  
during my twelve years of  
school. I only regret that I  
had you one year for Home Ec.

A Student  
Sybil M.  
Mrs. Gardner,  
This year has really  
been an enjoyable one for me  
in Home Ec. I think I have  
learned a lot in this class. I  
wish I could have taken more  
than one year of Home Economics.  
Thank you for everything  
Sincerely  
Sybil

Mrs. Gardner.

I could never begin to tell you  
how much it has meant to me to  
be in your class this year. You  
certainly have the respect of every-  
one. Thank you so very much for  
everything you have done for me -  
I really appreciate it (the advice  
and everything). Dan and I would  
love to have you come see us next  
year. I just hope that some of your  
wonderful domestic qualities rub off on  
me. Thanks again. Truly, Connie

Mrs. Gardner.

I want to say  
how much I have  
really enjoyed  
this I year Home  
Ec. Class. It's  
really been fun  
and informative  
I feel I have really  
learned a lot.  
May the very best  
come to you and  
I hope to see you  
next year.

A friend  
Geneva  
Mrs. Gardner,  
You are a very nice

a very good friend.  
We appreciate you

Mrs. Gardner,

It has been a  
pleasure being in  
your class this year.  
I have really enjoyed  
it a lot.

I hope that  
your future will  
continue to hold  
many happy  
things for you.  
Hope to see  
you again next  
year.

Always  
 Evelyn Kenley

Mrs. Gardner,

It certainly has been a pleasure to know you this year. I wish I could have taken home ec. for several years under you. I have enjoyed learning to sew with you; and I hope to continue making clothes in the future.

Best of everything always.

Love,  
Betty Jane

Postscript: I certainly have appreciated your patience with me. You have either taken quite a lot of psychology in colleges or have a natural ability to tell, teach, and show without being bossy or demanding. Thanks, again, and good luck.

Mrs. Gardner,

You're certainly quite a teacher. I admire you awfully lot. I know I'm not the kind of student you like, but you are nice. I'm just a spoiled brat - and I know that I'm not ready for marriage - so if James and I never get married you'll know why. I probably realized I wasn't ready to accept all the responsibilities of marriage. My life is so unsure anyway.

Keep up the good teaching. It's probably be easy for you to forget - but I'll remember you always.

Sincerely,  
Doreen

Mrs. Gardner,

I have certainly enjoyed being in your Home Ec. class. You have been a great teacher and friend, and I have thoroughly enjoyed knowing you. As a teacher of Home Economics I will always remember you - Again it has been wonderful.

Love,

Betty

P.S. I hope to see a lot of you in the future.

It has been simply great being in your class this year. May the light of happiness shine on you always and may God walk with you the rest of your life. Love - your devoted student,

Best wishes  
Nannie Mae Boyd

Mrs Gardner,

Well as it is about to come to the close of  
another school year I would still like  
for you to know that you were the best  
teacher I've had. Your tests of course were

because I didn't study. (I confess) I am

dumb mistakes I made in your class.
